

Quick Reference Guide

Mitel 6867i

Call Handling

Blind Transfer

- 1. To transfer to another number/extension, press the **Xfer** softkey while having an active call.
- 2. Enter the number/extension of whom you would like to transfer to and then press the **Xfer** softkey again.

Attended Transfer

- During an active call, press the Up or Down navigation keys to highlight the recipient and press the key or Xfer softkey to complete the call transfer.
- 2. If you are not connected to the transfer recipient, press the

key or **Xfer** softkey, enter the recipient's number

and press the **Dial** softkey. At any time, press the key or **Xfer** softkey again to complete the call transfer.

Sending a Call to the Parking Lot

- 1. To park a call, while the call is active, press the lower **Park** softkey. A number for the spot the person was put in will be spoken.
- 2. To pick up a call in park, dial the spoken extension, or press the **Park** softkey and select the desired parked number.

Setting Up a Conference

- 1. Ensure you are on an active call with one of the parties with whom you wish to create a conference.
- If you are already connected to the party you wish to conference in, press the Up or Down navigation keys to

highlight the conference target and press the key or **Conf** softkey to complete the 3-way conference.

3. If you are not already connected to the party you wish to

conference in, press the key or **Conf** softkey, enter the desired number and press the **Dial** softkey. At any time

press the key or the **Conf** softkey again to complete the 3-way.

Do Not Disturb (DND)

- To activate DND, press the fourth lower softkey for "next page," then the DND softkey. The words "DND activated" will display on the screen.
- 2. To turn off DND, press the **DND** softkey again and the onscreen message will disappear.

Transfer Directly to Voicemail

- 1. If you would like to transfer to someone's voicemail, press the **Xfer** softkey while on an active call.
- 2. Then press the * key, enter the desired extension and then the **Xfer** softkey again.

Call Forwarding

- 1. To set up call forwarding, press the fourth lower softkey for "next page" then the **CallFWD** softkey. Enter the number you would like calls forwarded to. Once activated, the light will turn red.
- 2. To turn off call forwarding, press the **CallFWD** softkey again and deactivate.
